Fresh

Fried Onion White | Red | Pink

Okaasan's fresh fried onions, also known as fried onions or birista, are thinly sliced onions that have been deep-fried until golden brown and crispy. They are a versatile ingredient used as a topping, garnish, or added to various dishes to enhance flavor and texture. They are a popular component in many cuisines, especially South Asian and Western dishes.

Coated Fried Onion

Okaasan's coated fried onions are a popular food item made by coating sliced onions in a batter and then deep-frying them until golden brown and crispy. They are used as a topping, garnish, or ingredient in various dishes to add a savory flavor and satisfying crunch.

Dehydrated Fried Onion | Churi

Fried Onion Powder is derived from onions that have been sliced thinly and fried until golden brown before being ground into a powder. This process imparts a rich, caramelized flavor to the powder, adding depth and complexity to dishes. It is commonly used. Golden Crispy Crunchy Fried Onion churi adding Magic to Your Dishes If you're a foodie or a cooking enthusiast, one ingredient that can add a burst of flavor and texture to any dishes.

Spray drying is a method used to transform liquid food products, like fruit and vegetable purees, into powders. This process involves rapidly drying the liquid with hot air, resulting in a shelf-stable powder that retains much of the original product's flavor, color, and nutrients. These powders are convenient for various applications, including infant food, instant meals, and as ingredients in soups, sauces, and seasonings.

Paste

Vegetable paste is a versatile culinary ingredient made from finely crushed vegetables, herbs, and spices. It's a flavorful and convenient way to add depth and richness to various dishes.

- **Garlic Paste**
- **Ginger Paste**
- **Ginger Garlic Paste**

Ginger Garlic paste is a cornerstone of many Indian recipes. While I'll typically just mash or crush the garlic and ginger called for in a given recipe, we've found that keeping some on hand in the fridge helps to streamline meal preparations. Try our Garlic Ginger Paste recipe for yourself and set your fridge up for several weeks' worth of cooking success!

About Okaasan

We believe that great food starts with great ingredients. That's why we carefully select and dehydrate the finest onions, garlic, and grains to preserve their natural taste and aroma.

Okaasan products are made to add a burst of flavor to your dishes, whether you're cooking at home or running a food business. With our premium quality and consistent freshness, you can count on us for that perfect touch of spice!

What We Do !

We produce dehydrated onion, garlic, vegetable powders, and flours that are easy to use, packed with flavor, and made to last. Whether you're cooking at home or buying in bulk — we've got you covered.
